

## Helping Sticks

Dear parents,

Today your children learned about Samson. We learned today that Samson asked God to help him, and we can ask God for help, too! We can also help others. The children made "Helping Sticks" today so they can remember to help people during the week.

Each stick has a name the child told her/his teacher they wanted to help. Please take a little bit of time with your child and pick a stick each day to pray over and help the person listed in anyway.

God Bless,

Children's Ministry
